

## Andrew Kyle

Andrew Kyle is an adventurer, entrepreneur, and venture capitalist. When not working he likes to be with family and friends at Mount Engadine Lodge in the Spray Valley, south of Canmore. Andrew and Sharisse purchased **Mount Engadine Lodge** in 2003 and have been working hard to make it *the* place for great food, family and base camp for adventures in the Kananaskis.

**Mount Engadine Lodge** provides a quiet retreat in the heart of Kananaskis Country. From the dining room windows, the Rocky Mountains rise sharply across Moose Meadows. These meadows are natural habitat for many of the regions' animals and birds, including coyotes, moose, elk, deer and beavers. It is not uncommon to see bald eagles, ravens, heron and owls passing through. In this intimate setting, enjoy gourmet meals, a cozy family atmosphere, fresh air and spectacular scenery. There are always exciting activities and adventures at the Lodge, throughout each season! After a day of hiking or skiing, relax in the evening by one of their hand-crafted fireplaces. Take a quiet stroll along the meadow or creek. Enjoy the undisturbed night sky from the hot tub or out on the deck. **Mount Engadine Lodge** is a place that celebrates nature and adventure. This is a nature-lover's paradise, thick with forests and dozens of creeks that flow into pristine rivers that neighbor the Lodge. **Mount Engadine Lodge** is proud to be a member of "**The Charming Inns of Alberta**".

To learn more about **Mount Engadine Lodge**, check out their web site at [www.mountengadine.com](http://www.mountengadine.com).
